NO SCHOOL FOR HIM.

WILLIE SHANDS LEAVES HOME RATHER THAN ATTEND

Went Away With A Tramp Over A Week Ago and Had not Returned at Last Reports.

Willie Shands the thirteen year old son of Mr. and Mrs. F. R. Shands who live southeast of Jasper left home Tuesday, October 6th, and up to last reports had not been heard of since. The lad objected to going to school but his father insisted on him attending.

The boy, thinking he had been treated unjustly by his father, made friends with a tramp who came by his home Tuesday and left his happy home in company with the tramp who doubtless drew a glowing picture of the pleasures of the freight trains and straw stacks. As soon as Mr. Shands found his son had run away with a "gentleman of the road" he pursued them down into the Indian Territory with a buggy but they gave him the slip and he returned to his home Sunday without his boy.

Several times he came near coming on to the boy and the tramp but at no time did he encounter them. It is thought the boy will return home after he has been up against the grid for a few weeks, if he has not already returned.
